

# FCC Microwave License Management Service

Never miss a regulatory deadline!

Our FCC Microwave License Management Service tracks your FCC license deadlines and lets you know when it's time to file updates. We can even file your updates for you, so you never miss a licensing deadline.

The Comsearch License Management Service, includes the following:

- Quarterly summary reports of license activity and deadlines with graphical dashboards.
- Annual full report in spreadsheet form with all call signs requiring your attention.
- Snapshots of upcoming 18 month outlook.
- Filing the following applications on your behalf, when requested:
  - Path buildout notifications
  - Call sign renewals, deletions, and cancellations
  - Administrative updates
- Access to our dedicated licensing group to address your questions—including help with expired, cancelled, and terminated licenses.
